General Accounting

The General Accounting department is a unit of the Controller's Office charged with preserving the integrity of the university's general ledger. The General Accounting team is responsible for the reconciliation and transmission of accounting data between the university and the North Carolina Office of the State Controller on a monthly basis. General Accounting is also charged with the reconciliation of bank accounts, subsidiary ledgers, balance sheet accounts and accounting for long term debt. General Accounting staff serve a critical role in the year end closing process, the conversion to accrual basis accounting, and the preparation of the university's financial statements.

Idea Box!

Submit your constructive ideas and suggestions for improvement here!

Name: *

Email: *

Department: *

Job Title: *

We are committed to a culture of improvement and customer satisfaction. Please describe your suggestion in as much detail as possible below. Additional information and explanatory material, such as sample forms, data, and diagrams, can also be attached and submitted at the end of this form. We will provide feedback regarding your suggestion within 2-4 weeks. Thank you for taking the time to submit your suggestion and for helping us identify areas for improvement!

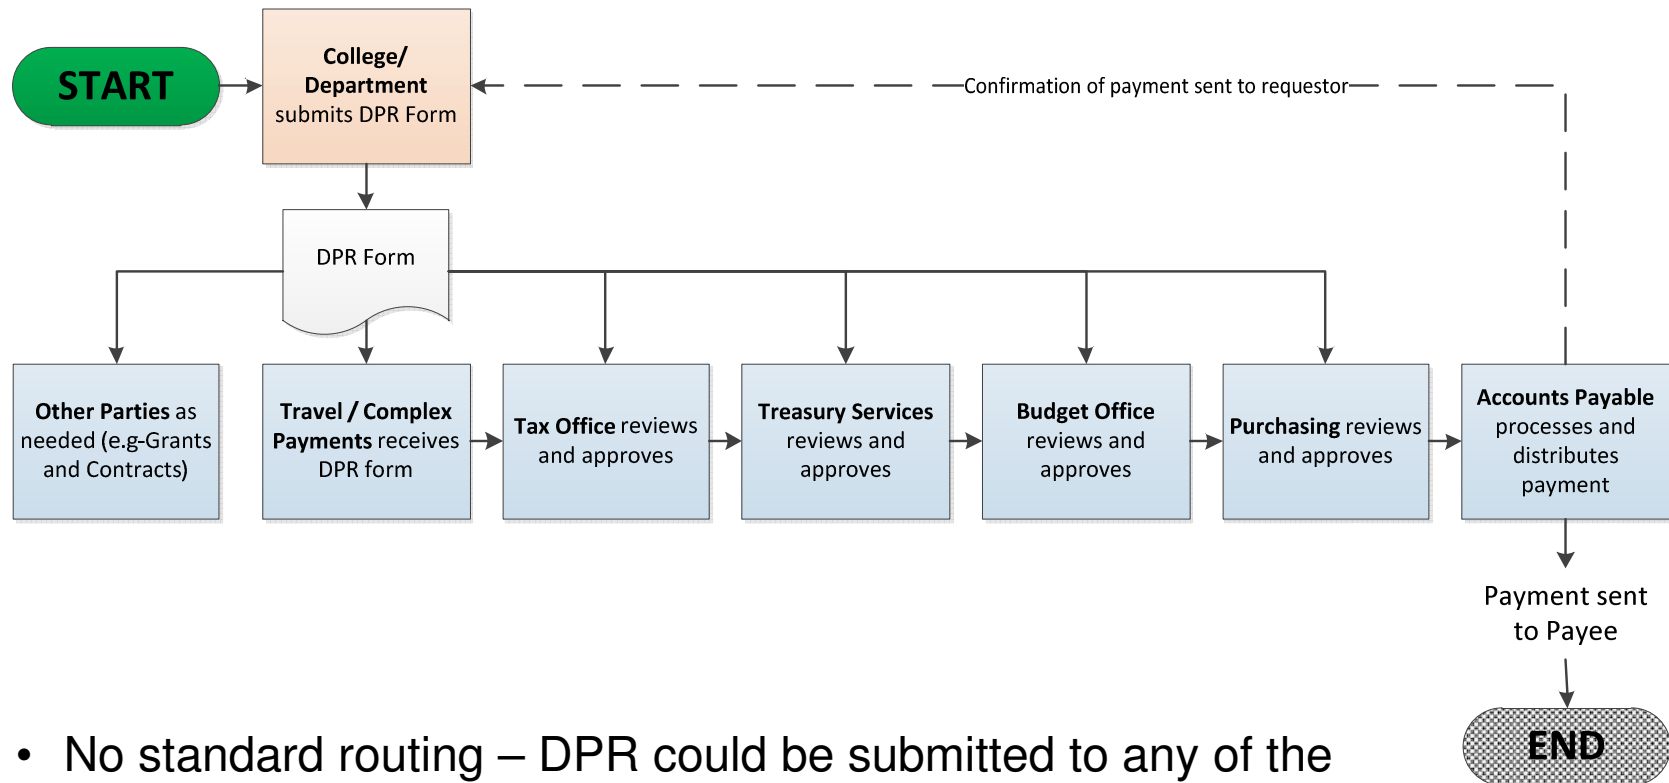

Payment / Purchasing Request Process Enhancements

Kendra Cooks
University Controller

Randy Duncan
Director of Materials Management

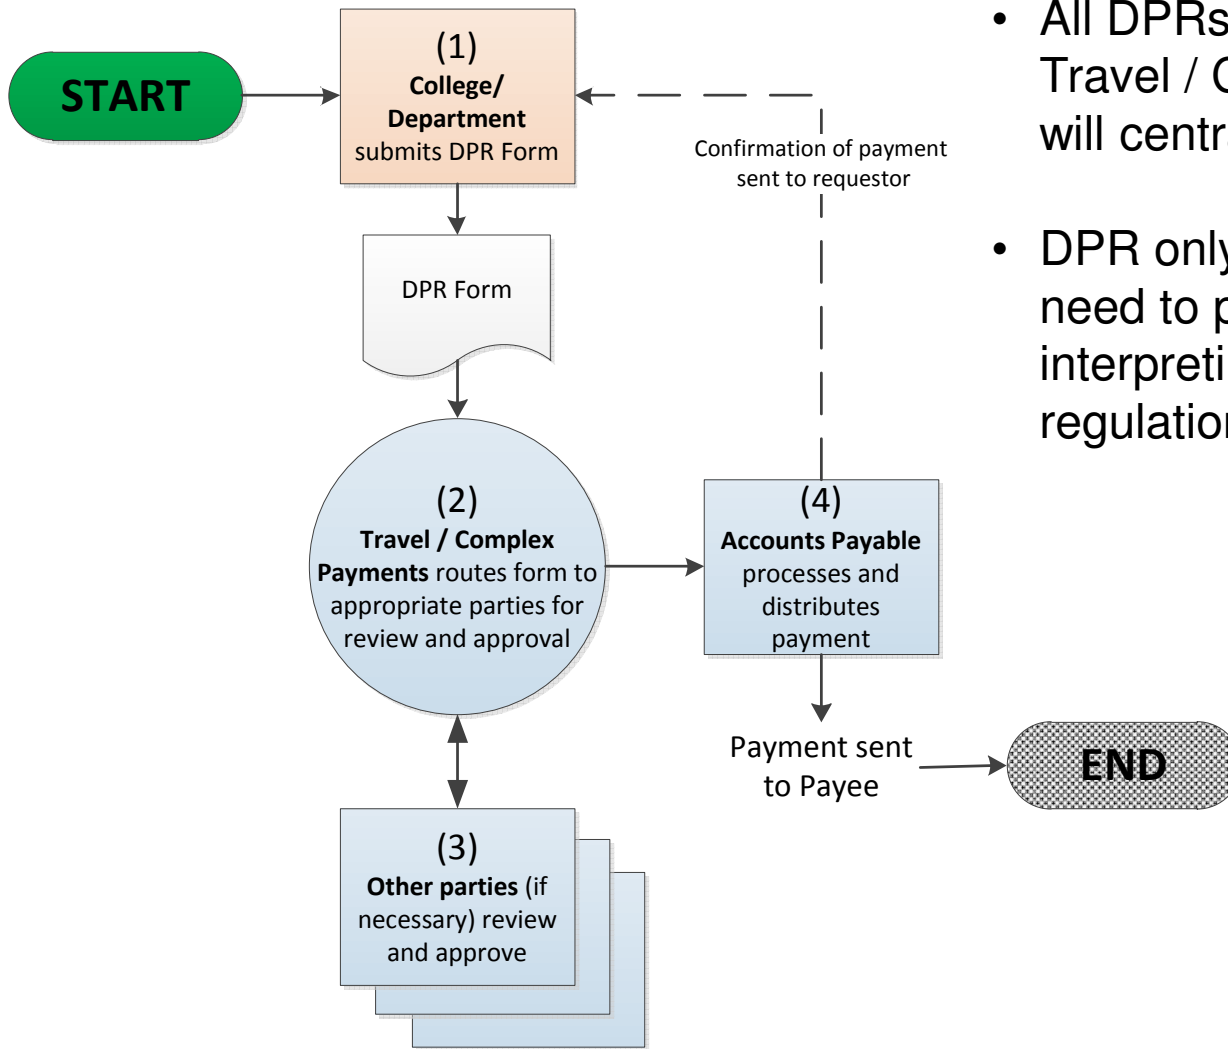

Jane Johansen
Director of Treasury Services

Direct Pay Request Process - *BEFORE*

- No standard routing – DPR could be submitted to any of the parties listed above
- No ability to central track the status of DPR once submitted

Direct Pay Request Process - *AFTER*

- All DPRs will be submitted to Travel / Complex Payments, who will centrally manage workflow
- DPR only routed to parties who need to provide input on interpreting certain policies or regulations

Payment Request Decision Guide

DRAFT - UNDER DEVELOPMENT

The guide below is designed to assist you with selecting the appropriate method for requesting a payment (e.g.-- reimbursement requests, direct pay requests, and other complex payments). To use this

- Step 1:* First, look at the far left-side of the table and find the row that best matches the purpose of your payment.
- Step 2:* Next, locate the column at the top of the table that describes who will receive the payment.
- Step 3:* Now, click on the box where your row and column intersect to determine your appropriate payment request method and next steps.

(*Example:* To request a non-travel reimbursement (row A) for a current UNCC employee (column 1), you would use a DPR.)

Several of the key terms used within this guide are defined on the [Glossary](#) page, so click on the appropriate link to learn more about terms for which you require additional clarification.

For guidance in selecting an appropriate method for *purchasing* an item (e.g.--prepayments, using 49er Mart, Purchasing Card), please refer to the [Purchasing Decision Guide](#).

Payment Request Decision Guide

<i>Who is being paid? ></i>	1. Current UNCC Employee (non-student)	2. Current employee of other state agency (non-student)	3. Independent Contractor	4. Student	5. Other Individual	6. Company or Organization
<i>What is the purpose of the payment?</i>						
A. Non-travel reimbursement	DPR	DPR	Not Applicable	DPR	Depends	DPR
B. Participant Stipend	DPR	DPR	Not Applicable	DPR	DPR	Not Applicable
C. Travel-related reimbursement	Travel Form	Travel Form	Travel Form	Depends	Not Applicable	Not Applicable
D. Cash Prizes / Awards	Payroll	Payroll	Not Applicable	DPR	DPR	Not Applicable
E. Additional pay to employee	Payroll	Payroll	Not Applicable	Depends	Not Applicable	Not Applicable
