I. POLICY

I.1. PURPOSE/SCOPE
This manual, in accordance with University Policy 602.7, Travel Authorization and Reimbursement, and in consideration of Internal Revenue Service (IRS), Office of State Budget and Management (OSBM), and other applicable regulations and guidance, establishes when the University will provide payment for travel expenses incurred to support University business purposes, along with related administrative requirements.

I.2. GUIDING PRINCIPLES

I.2.1 Official University Business Purpose
Reimbursable travel is that which has official University business purpose, that is, when the traveler is attending approved job-related training, working on behalf of or officially representing the University, or providing a University service upon the University’s request. This includes any travel required to perform services for any sponsor, grantor, or affiliate of the University under a research or other contract. Examples of official University business purpose include, and are not limited to, the following:

- Employee attending a continuing education conference, symposium, or meeting related to the field of employment
- Employee traveling on behalf of a research grant requiring the employee’s presence in another location (e.g., for water samples or surveys)
- Non-employee candidate for employment at UNC Charlotte
- Academic or non-varsity athletic teams competing for and representing UNC Charlotte (e.g., debate team, recreational softball team)
- Student-worker when traveling as a duty of their position at UNC Charlotte (Note that travel must be paid from the same fund source as that of the student’s wages)
- Non-employee student who travels on official University business

Also, see Section II.1.3 for guidance and allowability regarding combined personal and business trips, spousal accompaniment, etc.

I.2.2 Good Stewardship
When traveling on behalf of UNC Charlotte, travelers remain public servants and must continue to demonstrate good stewardship of University resources by exercising the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Compliance with travel policies tends to be construed as reflective of an organization’s compliance with federal and state regulations in general and, therefore, can reflect broadly upon a traveler’s department’s and the University’s general management.

I.2.3 Advanced Approval
Approve travel plans at least two weeks in advance of the trip. This constitutes basic fiscal and budgetary management and ensures that departments are aware of and have the necessary funds allocated to cover anticipated travel expenses. Note that true “emergency” trips are rare and that lack of planning does not constitute an emergency.

1 OSBM Budget Manual §5.0.3, Official State Business
2 Ibid., §5.7.3 Post-secondary Students
3 Ibid., §5.0.2 Employee Responsibility
I.2.4 Delegated Authority

The entire campus has delegated authority for travel reimbursements. Delegated authority encompasses the following:

- Criteria (must meet all of the following): submit lower-risk reimbursement requests ($500 or less) that do not involve international travel or travel advances no later than 60 days after the trip return date.
- Reimbursements that meet these criteria will be processed directly for payment and post-audited on a sample basis. Audit reports will be sent periodically to departmental fund managers.
- All reimbursement requests should be thoroughly reviewed, approved, and signed before submitting them to the Travel Office for processing.
- Authority and responsibility for reviewing and approving travel by employees and guests of the University reside with the person responsible for the fund to which the expense is to be charged.

Departments continue to be responsible for ensuring the information submitted on the reimbursement request is in accordance with University travel policy and certifying by signature that all travel reimbursement requests are an accurate statement of expenses incurred.

I.2.5 Timely Submission

Submit travel reimbursement requests to the Travel Office within thirty (30) days of the return date.\(^4\) Per UNC Charlotte’s accountable plan, as established per IRS guidelines,\(^5\) any travel reimbursement requests submitted sixty-days (60) or later after the return date may be taxable to the traveler.

I.2.6 Reasonable Accommodations Due to a Disability

Travelers who need an accommodation due to a disability, which includes exceptions to policies outlined in this manual, must request an accommodation from Human Resources before traveling by completing the Accommodation Request Form. Travelers who are traveling for business purposes and are employed with the University (including student employees), or applicants invited to the University to consider a potential offer of employment should refer to Personnel Information Memorandum 50 (PIM 50), Reasonable Accommodation, or contact the Employee Relations Unit of the Human Resources Office for assistance. Students who are authorized to travel on behalf of the University and are not traveling as a result of employment with the University should contact the Disability Services Office.

Travelers who have not requested an accommodation before traveling may be responsible for additional travel charges incurred if they are not typically reimbursable. Travelers should pre-plan with the conference site, airport, etc. regarding available accommodations (i.e., parking proximity to the conference site, special meals, and availability and cost of special meals for individuals with medical or dietary restrictions).

The Human Resources Department and/or Disability Services Office will coordinate with the Travel and Complex Payments department in determining a reasonable accommodation. The traveler will be notified in writing of the accommodation along with any special instructions in regards to submitting their Travel Authorization and Travel Reimbursement.

Information shared by The Human Resources Department and Disability Services Office will be limited to information regarding the accommodation. Any medical information submitted to The Human Resources Department and Disability Services Office is considered confidential and will not be shared with the Travel and Complex Services Office.

\(^5\) IRC §62(c); Treas. Reg. §1.62(c)(2)
I.3. ROLES AND RESPONSIBILITIES

I.3.1 Travelers
Travelers conducting business on behalf of the University must exercise good judgment and travel in a cost-efficient manner. Employees are responsible for any unauthorized costs and additional expenses incurred for personal preference or convenience.6

Travelers must be fully aware of all UNC Charlotte travel policies and procedures before traveling and expending funds on behalf of the University and should conduct University business in compliance with these policies and procedures. Travelers are responsible for the accuracy of documentation and forms submitted for travel authorization and reimbursement purposes.

I.3.2 Supervisors
Supervisors review and approve travelers’ Travel Authorization and Request for Travel Reimbursement Forms, along with any other travel-related forms requiring supervisor approval. The supervisor is responsible for ensuring that the employee’s reimbursable travel expenses are for official University business purposes, are justifiable and reasonable, and are adequately documented in accordance with guidelines in this Manual.

I.3.3 Department Heads
Department Heads are responsible for ensuring that their department’s financial resources are managed in an efficient and cost-effective manner, including that travel expenses are consistent with the educational, research, and professional needs of the University, as well as the mission and goals of UNC Charlotte.

Travelers, Supervisors, and Department Heads are responsible for maintaining familiarity with this Manual.

I.3.4 Business Managers/Officers
Business Managers/Officers may provide additional review and approval by their departments of travel and related documentation and forms. They are responsible for helping to ensure that faculty/staff within their departments are familiar with University travel policies and understand their roles as described above.

I.3.5 Travel & Complex Payments department (“Travel Office”)
The Travel Office is a unit within the Controller’s Office of Financial Services that facilitates travel and business expense payments for UNC Charlotte’s travelers and employees.

6 OSBM Budget Manual §5.0.2, Employee Responsibility
II. BEFORE TRAVEL

II.1. PRE-TRAVEL PLANNING AND REQUIRED APPROVALS

II.1.1 When Approval Prior to Travel is Required

Travelers must receive prior written approval with a travel authorization by their department head or their designee to qualify for reimbursement if either of the following applies:

1. **Travel includes an overnight stay.** Note that overnight travel must involve a destination located at least 35 miles from the employee’s regularly assigned *duty station* or home, whichever is less, to receive reimbursement.\(^7\)

2. **Travel includes subsistence (meals and lodging).**\(^8\) Lodging costs that are not approved prior to travel will be limited to *State subsistence rates* (see *Section VIII.1.1* for current rates). Excess lodging expenses not approved in advance will be the responsibility of the traveler unless the department head provides a memorandum authorizing the use of a Discretionary Fund on the Request for Travel Reimbursement (“TR”).\(^9\)

**NOTE:** Trips that only involve destinations less than 35 miles from the closer of the traveler’s *duty station* or home with no overnight stay do not require written approval. No subsistence (travel meals and lodging) is reimbursable for these trips.\(^10\) Pay other associated costs (e.g., registration fees) via normal payment methods, e.g., P-card. Request reimbursement for mileage and parking by submitting a Mileage and Parking Reimbursement Form.

For a quick visual on the approval flow, reference the **Know Before You Go: General Guide for Travelers**.

II.1.2 Authorization for Travel

II.1.2.1 Submitting Travel Authorization Forms

If approval prior to travel is required, travelers must prepare a Travel Authorization Form (TA), which can be found in the *Travel Forms Package* located on the *Financial Services Forms Website*. The forms package includes detailed instructions, as well as current subsistence and mileage reimbursement rates.

Travel Authorization forms should be approved by the traveler, approved by the appropriate supervisor, and submitted to the Travel Office at least two weeks before travel.

In general, a separate TA is required for each traveler to indicate approval and funding for the trip and to facilitate settlement of trip expenses. In other words, there should be one TA submitted for each corresponding Request for Travel Reimbursement (“TR”) submitted upon completion of travel. Exceptions are travelers with a Blanket TA on file for travel within the US and group travel situations (see section II.1.2.3 below). Employees are not allowed to make travel-related payments on behalf of guests, students, or other employees unless payment is being made on a departmental P-card or in group travel situations.

There is an optional eForm version of the Travel Authorization (“eTA”) that takes advantage of the workflow routing capabilities within the University’s Imaging System.

\(^7\) Ibid., §5.1.5, Authorization for Lodging

\(^8\) Ibid., §5.1.7, Excess Lodging; §5.1.10, Authorization for Meals

\(^9\) University Policy 601.8, Appropriate Use of University Funds

\(^10\) Ibid., §§5.1.6, 5.1.12, and 5.1.13
II.1.2.2 Blanket Travel Authorizations (TAs)
Travelers may request a blanket TA to cover travel within the U.S. that will occur within a fiscal year ("FY"). The department head must approve blanket TAs.

To obtain a blanket travel authorization, complete a TA, indicating “Blanket Travel FYXX” in the “Traveler’s Destination” field, where “XX” equals the fiscal year to which the blanket travel authorization applies. Both the departure and return dates on the form should match the FY dates. Also, ensure that a valid fund number is indicated on the form that can be used for all travel covered under the Blanket TA. Note that Blanket TAs can only be issued to cover travel through the end of the current fiscal year.

II.1.2.3 Group Travel
Travelers should individually request reimbursement by following the applicable guidelines in this Manual and completing TAs and TRs as stipulated. Employees may submit a TA that covers group travel for multiple non-employees whose expenses will all be reimbursed with the same TR. When processing one TA for the group, please note this on the form by changing the drop-down box answer next to “Group Travel?” to “Yes.” A Group Travel List tab is included in the TRAVEL FORMS PACKAGE to list the non-employees and students traveling who will be included on the TR.

Exception: Route travel requests for a department hosting or sponsoring a group of 15 or more individuals for University-approved travel through the Purchasing Office. Requests for blocks of hotel rooms, conference rooms, meeting space, banquet food/refreshments, and any necessary audio-visual equipment will require a contract that must be reviewed by the Purchasing Office. Once the contract is in place, payment should be requested through 49er Mart using a purchase order.

II.1.2.4 Revisions to Travel Authorizations
If additional information becomes available after the original authorization was submitted (e.g., business purpose, fund limit, date changes), then the supervisor’s sign-off on the TR will constitute approval for these changes. However, if there are fundamental changes to the overall trip (e.g., attend an additional conference in addition to the one indicated on the TA), then supervisor approval is needed. In these cases, it may be easier to submit a new TA.

To submit a revised TA Form, select “Yes” in the drop-down box at the top of the form and only complete fields that have changed. The revised form must be approved and dated by the approving authority found on the original authorization, or their designee. If a revised TA requested by the Travel Office is not received within the timeframe requested, the traveler will be reimbursed as authorized on the TR.

II.1.3 Other Pre-Travel Considerations

II.1.3.1 Departure and Return Dates
Departure and return dates (for airfare tickets, hotel check-in and check-out, etc.) should be within one (1) calendar day of the business purpose event for travel within the U.S. Airfare for travel outside the U.S. is reimbursable when the departure and return dates are within a justifiable time period around the purpose of the travel, usually within two (2) calendar days of the business purpose event. Note: see Section II.1.3.3 for requirements related to combined personal and business trips.

When traveling by common carrier to conduct official University business, employees traveling to their destination earlier than necessary and/or delaying their return to avail the state of reduced transportation rates may be reimbursed subsistence for additional travel days if, in the opinion of the department head or their designee, the amount saved due to the early and/or delayed travel is greater than the amount expended in additional subsistence.11 Printed documentation must be provided with the employee’s Request for Travel Reimbursement to substantiate these savings.

---

11 OSBM Budget Manual §5.1.21, Super Saver Rates
II.1.3.2 Combining Business Trips
Trips that encompass several business-related activities are allowable as long as other applicable requirements are met and all activities are reflected in the business purpose sections of required forms.

II.1.3.3 Combining Personal and Business Trips
Personal and business travel generally may be combined as long as other applicable requirements are met. Note that no advances will be issued for the personal portion of any trip.

To obtain reimbursement, the traveler must show that the University incurred no additional expense for the personal portion of the trip. For example, for airfare obtain documentation from a travel agency or online travel site that shows that the price of the ticket for the extended personal stay is no more expensive than the price of the ticket to depart immediately before and/or return immediately after the business travel dates. The documentation date must be the same date as the purchase date of the ticket. If no documentation is available, reimbursement will be prorated based on the number of days considered business travel.

Also, note that, when personal and business travel is combined, employees are entitled to reimbursement for meal subsistence on the dates that the employee is traveling to and from their business trip destination (usually the first and last days of travel).

II.1.3.4 Spousal Travel
If a spouse accompanies an employee on a University-related business trip, any reimbursement of travel expenses for that spouse will be processed as taxable income to the employee unless it can be adequately shown that the spouse’s presence on the trip has a bona fide business purpose. Note that any reimbursements processed as taxable income cannot be paid from state funds. If the spouse is also an employee of the University, the spouse must obtain travel authorization through their department. These same rules apply to any other members of the employee’s family who accompany them on such a trip.

II.1.3.5 Funding
It is the supervisor’s responsibility to understand the constraints and requirements of the fund from which travel expenses will be paid, as designated at the time of travel authorization. The traveler’s supervisor will approve funding on a TA with the following additional requirements:

- If the person approving the TA (i.e., the supervisor) will be personally reimbursed for any travel expenses incurred by the traveler on their behalf, the next higher supervisory authority must also approve the authorization.
  - Note: travelers should not pay for another person’s travel expenses. If this happens, contact the Travel Office to resolve before submitting the TA.
- If the traveler’s direct supervisor is not the custodian of the source of fund(s) designated for the travel expenses, the fund custodian must also indicate their approval on the TA Form.
- If travel is grant-funded (fund codes 5xxxxx), travel documents (e.g., Authorizations, Reimbursements) submitted to the Travel Office will also be routed to the Grants & Contracts Administration Office for review and approval if required.

II.1.3.8 Motor Fleet Requests and Mileage Reimbursement Rates
Travelers driving to their business trip destination (and who have appropriate driving credentials) are encouraged to request a state vehicle from the University’s Motor Fleet Pool via ARCHIBUS (see the Facilities Management Motor Fleet website for instructions).

---

12 Treas. Reg. §1.62(c)(2)
Actual mileage for the use of a personal vehicle is reimbursable and is measured from the closer of the traveler’s duty station or point of departure to the destination (and return), whichever is less and should be calculated to the nearest whole number. Reimbursement rates are based on the following:

- If the round trip mileage does not exceed 100 miles per day of travel, the traveler will be reimbursed at the IRS Business Standard Mileage Rate.\(^\text{13}\)
- When the round-trip mileage exceeds 100 miles per day that the employee is in travel status, any additional miles over 100 will be reimbursed at the medical or moving purposes rate set by the IRS.
- Travelers are still encouraged to request motor fleet vehicles for University travel, subject to availability. It is the intent of the State that state employee travel shall be conducted in the most efficient manner and at the lowest and most reasonable cost.

Fines for traffic and parking violations are the responsibility of the traveler.

II.1.3.9 Rental Cars
If the traveler will be renting a car, the State has term contracts in place for rental vehicles. Use the contracted rental agencies whenever possible. The contracted rates include liability insurance and also prohibit any additional charges for a Collision Damage Waiver (CDW). Contact your departmental Purchasing Agent with questions or for additional information regarding rental car companies on State contract.

Rental car expenses may not be reimbursed if other practical means of transportation are available, e.g., a shuttle is provided for transportation from the airport to the traveler’s hotel and business site. Obtain approval before travel if a rental car will be used for transportation.\(^\text{14}\) Unless prior approval has been obtained from the department head or designee, employees will be responsible for the cost of renting a vehicle that is above the Standard vehicle rate per the State's contract for short-term rentals.\(^\text{15}\)

Note that the following travel expenses related to car rentals are not reimbursable by the University:

- **Collision Damage Waiver (CDW)** – Covers the traveler and their possessions in the United States and Canada. Since the State of North Carolina is a self-insurer, this insurance coverage is not required for state employees and must be requested via the University’s Office of Risk Management and Insurance. If a traveler chooses to pay for this type of coverage, the expense will not be reimbursed.\(^\text{16}\) If a traveler is involved in an accident with a rental car and the possibility of a collision damage claim exists, contact the University’s Office of Risk Management and Insurance (Note that specific guidance regarding claims arising from accidents involving vehicles operated on University business is included on this website). If traveling internationally, travelers may purchase this coverage, and their department can choose to reimburse the cost of insurance coverage on foreign car rentals. If using a credit card, before purchasing this coverage, determine if the credit card company provides the necessary coverage as a cardholder benefit.
- **Personal Accident Insurance** – This is considered personal insurance. The University will not reimburse travelers choosing to pay for this coverage.

For requirements regarding rental car insurance coverage while conducting University business, see [http://rmi.uncc.edu/insurance](http://rmi.uncc.edu/insurance).

\(^\text{15}\) *Ibid.*, §5.1.27, Transportation by a Rental Vehicle
\(^\text{16}\) *Ibid.*, §5.1.27, Transportation by a Rental Vehicle
II.1.3.10 Transportation Methods: Flying v. Driving

Employees are expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling personally and expending personal funds,\(^\text{17}\) including when choosing transportation methods (i.e., flying v. driving). If the business destination is more than 500 miles away and the traveler chooses to drive, one of the following should be provided with the TR: 1) business need justification to drive or 2) a comparison to show that the cost to reimburse mileage is less than the cost to fly (including estimated costs such as baggage fees, parking charges, and transportation costs to/from the airport). If the comparison shows that driving would be costlier than flying (including related estimated costs as enumerated above), reimbursement for mileage will be limited to the estimated flight costs.

II.1.3.11 Air Travel

*Coach v. business class*: Reimbursement for airfare is limited to the coach/economy fare unless traveling internationally. To be reimbursed for the business class fare for international travel, the traveler must obtain department head approval before booking the flight. Due to fluctuating airline prices, it is often more prudent to purchase tickets as early as possible to secure the best pricing available.

*Fly America Act*: If a flight involves a foreign carrier from a U.S. airport, travelers should review and consider the [Fly America Act](#).

*Frequent Flyer Miles*: Any frequent flyer miles earned by employees while traveling on University business at the University’s expense are considered the property of the University. Such frequent flyer miles belonging to the University should, to the extent possible, be used by the employee while traveling on future University business trips.\(^\text{18}\)

*Other policies*: For other specific policies regarding international flights, certificates for reduced airfare, use of chartered aircraft, and use of employee-owned aircraft, see OSBM Budget Manual §§5.1.22, 5.1.24, 5.1.29, and 5.1.30.

II.1.3.12 International Travel

*Notification of Export Control Officer (ECO)*: International travelers are responsible for notifying the University’s ECO ([fso@uncc.edu](mailto:fso@uncc.edu), 7-1877) of their travel plans prior to travel. Travel Authorization Forms that indicate international travel destinations will automatically be routed to the ECO through the University’s imaging system.

Travelers are also responsible for reviewing University Policy 316, Export Control and the Office of Research and Economic Development's Export Control Page. Section XII of the University’s Export Management Plan (EMP) summarizes information regarding travel to foreign countries. Federal export regulations prohibit travel to sanctioned countries, as well as the unlawful export of specific commodities.

*University-owned Equipment*: If traveling internationally with University laptops, mobile phones, or any other digital storage devices (including flash drives), the traveler must complete the [UNC Charlotte Export Control Travel Checklist](#) and file an [Export License Exception TMP (Temporary Exports/Re-exports) certification](#). These forms are listed together as “International Travel on University Business: Export License Exception TMP and Checklist” under “Resources” on the Export Control Page and should be submitted to the Export Control Officer before travel. Travelers can also consult the “Decision Tree for Travel, Shipping, or Sharing Information,” which is also listed under “Resources” on the Export Control Page.

General Safety: When traveling outside the U.S., it is also advisable that travelers review the U.S. Secretary of State website (US Dept of State International Travel) and Center for Disease Control (CDC) websites (CDC Traveler's Health) for travel warnings regarding health and safety factors. Contact the UNC Charlotte Export Control Officer at fso@uncc.edu or 7-1877 for further information.

II.1.4 External Conferences

External conferences are those that will be attended by persons external to UNC Charlotte. Payment for meals is allowable if included in the registration fee. If the fee consists exclusively of meals, it will not be reimbursable unless the trip meets overnight travel criteria. UNC Charlotte may require both itemization and documentation of expenses.\(^1\)

Examples include and are not limited to NACUBO Conferences, CBMI, Cyber Security Symposium.

Conferences sponsored or co-sponsored by UNC Charlotte are authorized when they meet the limitations and requirements listed in OSBM Budget Manual §5.8.3. Note that sponsoring departments may provide refreshments for “coffee breaks” provided there are twenty or more participants, and the costs do not exceed $4.50 per participant per day.\(^2\) Discretionary Funds may be used for any costs in excess of this limit.\(^3\)

II.1.5 Internal Conferences

Internal conferences are those attended only by UNC Charlotte employees. No payment for meals is allowable unless overnight travel criteria are met, except via Discretionary Funds. An agenda, list of attendees, and a completed FOOD, BEVERAGE, AND AMENITY EXPENSE DOCUMENTATION are required when using Discretionary Funds. A routine staff meeting is not an internal conference.\(^4\)

Examples include and are not limited to: Departmental meetings, UNC Charlotte’s HR Leadership Trainings, and the UNC Charlotte Legal Affairs Symposium.

Internal conferences are authorized when they meet the limitations and requirements listed in OSBM Budget Manual §5.8.5. Note the following limitations:

- Sponsoring departments may provide refreshments for “coffee breaks” provided there are twenty or more participants, and the costs do not exceed $4.50 per participant per day. Discretionary Funds may be used for any costs in excess of this limit.\(^5\)
- A department can only use Discretionary Funds to provide any promotional or gift items to be distributed at the conference.\(^6\)
- Note that only the Chancellor may authorize a “management retreat.” See OSBM Budget Manual §§5.8.8 and 5.8.9.

II.1.6 Cancellations

If any travel plans previously authorized are later canceled, notify the Travel Office immediately. The traveler should email the Travel Office at travel@uncc.edu with the following information:

- Traveler name
- Trip dates
- Reason for cancellation

The Travel Office will match the information to the submitted TA and note the trip as canceled, which will close out the authorization in the University’s imaging system.

Responsibility for charges: If an employee’s travel has been approved in advance and the cancellation or change is made at the direction of and/or for the convenience of the department, it is the department’s obligation to pay any penalties and charges. If travel is canceled or changed for the personal benefit of the employee, it is the employee’s obligation to pay any penalties and charges. However, in the event of accidents, serious illness, or death within the employee’s immediate family or other critical circumstances beyond the control of the employee, the traveler’s department may elect to pay the penalties and charges.25 In all cases, the employee and/or department should make all efforts possible to recoup any costs already paid and avoid penalties and additional charges.

Refunds: It is the traveler’s responsibility to pursue refunds for any pre-travel payments or direct billing arrangements already processed. All refunds obtained as a result of pre-travel payments are due to the University. Direct refunds to the traveler’s contact person for deposit to the funding source from which the pre-travel payment originated (refund payments originally made via P-card back to the cardholder’s account). Refunds misdirected to the Travel Office are sent to the department to process or the Cashier’s Office if the contact person or department cannot be determined. Any travel advances will be voided at the time the Travel Office is notified of the cancellation. If a traveler has already cashed a travel advance check or received a direct deposit, it is the traveler’s sole responsibility to return the funds to the Travel Office within one (1) business day of cancellation notification. If advance funds are not returned to the Travel Office within the required amount of time, a payroll deduction will be processed to recover the advance funds from the traveler. The traveler will not be eligible to receive additional advances until the outstanding advance is reconciled.

II.2. PRE-TRAVEL PAYMENTS

There are currently four main ways to pay for travel expenses via University funds prior to travel dates:

II.2.1 Purchasing Card (“P-card”)

The P-card is the preferred method of payment for expenses to be paid before travel and should be used for all expenses that will not be paid via reimbursement where possible (e.g., airfare, lodging reservations, and registration). The UNC Charlotte purchasing card is a Visa-branded corporate liability credit card issued to eligible employees, as authorized by their department heads, used to procure and pay for eligible goods and services. The Purchasing Card Administrator manages the purchasing card program in the Controller's Office.

University employees who have P-card holders within their departments may have their P-card holder pay for business travel expenses using the card once a Travel Authorization Form has been completed, approved, and submitted. P-card holders may make travel-related payments on behalf of others as long as the P-card is authorized for that purpose.

Refer to the list of allowable and non-allowable P-card expenses for complete detail.

25 Ibid. §5.1.9, Penalties and Charges Resulting from Cancellations
II.2.2 Direct Billing

UNC Charlotte has agreements with specific vendors (e.g., AAA Carolinas, local hotels) for direct billing, which allows approved University travelers to utilize services without incurring out-of-pocket expenses. Before using Direct Billing methods, travelers should confirm that payments cannot be made by P-card.

II.2.2.1 Flights
You may request to have your airline ticket expenses billed directly to AAA Carolinas, based in Charlotte, NC. Reservations for other forms of transportation (train, bus, etc.) can be made through AAA Carolinas, but not all services can be billed to the University. You may be asked to pay by credit card when making the reservation.

To direct bill your flight to AAA Carolinas:
1. Email the Travel Office (travel@uncc.edu) with an approved TA that contains a note in the comments section, “direct bill code needed” to request a voucher code.
2. The Travel Office will issue a direct billing voucher code to the departmental contact listed on the form.
3. Contact AAA Carolinas at (704) 532-9991. (This is the only location authorized to book travel arrangements with UNC Charlotte’s travel codes.) Reserve your flight under UNC Charlotte’s account and provide your voucher code.
4. After your reservation is processed, AAA Carolinas will email you a confirmation itinerary. If you specifically request a paper ticket when you make your reservation, AAA will deliver it by courier to your department; otherwise, AAA will email you an electronic ticket.

II.2.2.2 Rental Cars
To direct bill your rental car to Enterprise Rent-A-Car:
1. Visit Enterprise Rent-A-Car via 49er Mart and get an estimate for the vehicle rental.
2. Complete a Travel Authorization form.
3. Create a non-catalog requisition in 49er Mart and attach a signed PDF of the Travel Authorization form, as an internal attachment, to the order.
4. Once a PO is created, make a note of the PO number (e.g., P1234567).
5. Visit Enterprise Rent-A-Car via 49er Mart and read the ordering instructions. Select the Direct Bill option and create the order using the PO number noted in step 4.

Note: Enterprise Rent-A-Car will send the invoice directly to Accounts Payable for payment.

Locate additional information on the ordering process on the Financial Services website, located at Rental Car, How to Procure and Pay.

II.2.2.3 Local Hotels
To direct bill your hotel:
1. Choose the desired hotel from the list below.
2. Email the Travel Office (travel@uncc.edu) with an approved TA with a note in the comments section, “direct bill code needed” and make a note of the hotel selected to request a voucher code.
3. The Travel Office will issue a direct billing rental voucher code to the departmental contact listed on the form.
4. Contact the hotel and give them the code provided to you.
5. Note that a credit card will be required upon check-in for incidentals. The University’s direct billing agreement only covers room, taxes, and parking as applicable.
The following are local hotels that can be directly billed:

II.2.3 Direct Pay Requests

For any vendor that does not accept credit card payments, any legitimate need for a manual check to prepay a travel-related expense (e.g., registration fee to a vendor who does not accept credit cards) must go through the Direct Pay Request (DPR) process. Travelers should first confirm that payments cannot be made by P-card or Direct Bill.

To receive payment from UNC Charlotte, a vendor must be established in the Banner Finance system (see “How to Look Up a Vendor”). If a vendor is not already established in Banner Finance, the vendor must complete a Vendor Information Form or a Form W-9 (available on IRS website at https://www.irs.gov/pub/irs-pdf/fw9.pdf).

Direct pay requests must be requested at least two weeks before travel.
II.2.4 Travel Advances

When are Travel Advances allowed? Travelers who are unable to pay for certain out-of-pocket expenses before reimbursement may request a travel advance. Advances are personal loans from the State of North Carolina, issued by UNC Charlotte. You should make a request for an advance only when absolutely necessary. The following stipulations apply:

- Travel advances should be reasonable and only for incidental, out of pocket expenses that cannot otherwise be prepaid (e.g., with a P-card, direct billing, or a DPR).
- Travel advances may only be used for University business, not personal, expenses.
- The amount of the advance should not exceed the traveler’s estimated out-of-pocket expenses (i.e., not including any P-card payments or other pre-travel payments).
- Non-employees are not eligible to receive travel advances.
- Employees who have been issued state credit cards (e.g., American Express) are not eligible for travel advances unless there is substantiated justification. This mitigates the potential for reimbursable travel expenses to be charged to the state credit card and also reimbursed on a TR.
- Blanket travel advances are not issued at UNC Charlotte.

Requirements for issuance and repayment of one-time Travel Advances:

<table>
<thead>
<tr>
<th>How and when to request</th>
<th>Via Request for Travel Advance form at least two weeks in advance of travel</th>
</tr>
</thead>
<tbody>
<tr>
<td>How and when Travel Advance will be issued</td>
<td>Via Direct Deposit, within five business days before the date of departure</td>

</tr>
<tr>
<td>How and when advances must be accounted for or repaid</td>
<td>Via a Request for Travel Reimbursement, within 30 calendar days after the travel period or June 30, whichever comes first</td>
</tr>
</tbody>
</table>

Collection of unpaid amounts: If an advance remains outstanding for more than 30 days, a payroll deduction may be initiated to recover the amount of the advance. If collection of the advance has not been received from the traveler or the payroll deduction has not been finalized, the employee may not request reimbursement for any expenses related to that travel. If a traveler defaults on a travel advance (i.e., a payroll deduction was required to recompense the University, insufficient funds check was presented to satisfy the travel advance), they will not be eligible for future advances until the financial obligation to the University is satisfied. Per the University’s accountable plan, as established per IRS guidelines, any travel advances not repaid within 120 days of the travel period will be considered taxable income to the traveler.

III. DURING TRAVEL

III.1. SAVING RECEIPTS
While in travel status, travelers must keep and submit receipts as indicated in the Travel Reimbursement Grid. Receipts should indicate the name of the vendor, date of the transaction, itemized cost for each good or service, and the method of payment.

III.2. PAYING FOR OWN EXPENSES
In general, employees should only pay for their travel expenses. Employees are not allowed to pay for travel expenses on behalf of guests, students, or other employees unless an authorized P-card user on a departmental P-card is making payment. Exceptions are allowed for group travel arrangements or payment for group meals that have a valid business purpose and meet the requirements of this Manual and University Policy 601.8.
IV. AFTER TRAVEL

The following requirements apply to all travel reimbursement requests submitted to the Travel Office.

IV.1. WHEN TRAVEL REIMBURSEMENTS MUST BE SUBMITTED

Submit requests for Travel Reimbursement (“TR”) to the Travel Office within 30 days of the return date.²⁹ Per UNC Charlotte’s accountable plan, as established per IRS guidelines,³⁰ any travel reimbursement requests submitted 60 days or later after the return date may be taxable to the employee. Contact the Travel Supervisor or the Associate Controller for Accounting and Disbursements immediately if there is a justifiable reason that you cannot turn a reimbursement request in within 30 days after the expense is paid or incurred.

Complete a TR if any of the following are true:

- A Travel Authorization Form was submitted for the trip.
- The traveler received a travel advance.
- The traveler incurred travel expenses on a P-card or submitted a DPR for travel.
- The employee is in travel status, the trip is for one or more days, and the trip includes allowable expenses beyond mileage and parking (e.g., meals, tips, airline baggage fees) that need to be reimbursed.

**Note:** If your reimbursement request amount is less than one dollar (most likely due to a travel advance discrepancy), you must still submit the reimbursement paperwork to the Travel Office. However, due to the immateriality of the amount and the resources required to process a check, the amount will be written off.

The [TRAVEL FORMS PACKAGE](#) contains the TA, TR, detailed line-by-line guidance for each form, as well as a rate page.

**Note:** if the traveler only has mileage and/or parking expenses for one-day travel, the traveler may use the [MILEAGE & PARKING REIMBURSEMENT FORM](#).

IV.2. OTHER TRAVEL REIMBURSEMENT REQUIREMENTS

IV.2.1 Signatures

To be complete, all TRs must be signed by the traveler and their supervisor or designee. The Travel Office will accept scanned signatures, and a signed TR sent via fax to a department. No proxies are allowed for the traveler, and rubber stamps, digital stamps, copied signatures, or any variations thereof will not be accepted. Without the proper approval signatures, any expenses incurred will be the traveler’s sole responsibility.

**Exception for Non-employee Zero Reimbursement:** Non-employee travelers who are not receiving a direct reimbursement from the trip are not required to sign the TR. The phrase “Non-employee zero reimbursement” will automatically appear in the traveler’s signature block for zero reimbursements.

IV.2.2 Receipts

**Submission:**

Tape receipts to the Travel Office’s [Receipt Page](#) and submit with the TR. No paper clips, please!

Note that any documentation, including receipts, submitted with the Travel Authorization Form does not need to be submitted again with the TR since the documentation will have been scanned into the University’s imaging system.

²⁹ NC G.S. §138-6(c); OSBM Budget Manual §5.0.2, Employee Responsibility
³⁰ IRC §62(c); Treas. Reg. §1.62(c)(2)
Note that you can submit copies of receipts to the Travel Office as long as:

- Receipts remain legible once scanned in the University’s imaging system, and
- Departments retain original receipts until the travel reimbursement has been processed or the receipts are otherwise needed (e.g., for warranties),

The Travel Office will retain copies of documentation in the University’s imaging system for the prescribed document retention period, which is currently five years.

**Missing Receipts:**
For missing receipts for reimbursable expenses **over $25**:
1. Travelers should try to obtain a duplicate receipt from the vendor.
2. If the traveler cannot obtain a duplicate receipt, submit a [Missing Receipt Affidavit](#).

For missing receipts for reimbursable expenses **less than $25**, the traveler must indicate on the Travel Reimbursement what expense was incurred and that the receipt for the expense was lost or not provided. A Missing Receipt Affidavit is not necessary.

**International Receipts:**
Convert international receipts in a foreign language to English before submitting them with the Request for Travel Reimbursement. Convert all amounts into U.S. Dollars based on the exchange rate effective on the transaction date. Use the [XE Currency Converter](#).

**Credit/Debit card numbers and other Confidential information:**
Do not submit any documentation to the Travel Office that includes full credit/debit card numbers, or what are referred to as “Primary Accounts Numbers” (“PANs”). These are the 16-digit numbers for Visa and MasterCard and the 15-digit numbers for American Express cards that are printed on the front of the cards.31

If you do have any receipts or statements that need to be submitted with your Travel Forms that include full PANs, you must redact the number so that only the last four digits of the PAN remain as follows:

- Print an electronically redacted statement (this option is commonly provided by bank and credit card company web portals), or
- Physically cut out the PAN except for the last four digits.

PANs that have been marked out with a pen or marker are not considered fully redacted, as scanners and copiers can still pick up these numbers.

Please exercise prudent judgment when submitting other confidential or sensitive information, as defined in University Policy 311, *Information Security*. Do not submit confidential information for scanning into the University’s imaging system whenever possible.

---

31 See Payment Card Industry Data Security Standards (PCI DSS), which prohibit storage of unencrypted PANs. Data in the University's imaging system, which houses all University Travel Forms submitted to the Travel Office, is unencrypted.
IV.2.3 Revisions to Travel Reimbursements ("TR")

Travelers will receive a request from a Travel Specialist and should submit a revised TR if any of the following apply:

- Additional information or receipts are found after submission of the original reimbursement.
- Additional reimbursable trip-related expenses were incurred and not included in the original reimbursement.
- The TR was not completed correctly

To submit a revised TR, submit a new form, select “Yes” in the drop-down box at the top of the form (Is this a revision of a previously submitted Travel Reimbursement request?), and clearly indicate changed fields (e.g., by highlighting). The approving authority of the original reimbursement, or their designee, must approve and date the revised form.
IV.3. TRAVEL REIMBURSEMENT (“TR”) GRID

The following tables explain what travel-related business expenses are reimbursable, at what amounts, and what substantiation is required to obtain reimbursement. All travel expenses should be reasonable and judicious. Excessive expenses will not be reimbursed. In general, reasonable expenses are those that a prudent person would spend if traveling or conducting personal business and expending personal funds.

### Airport – Travel To/From CLT Airport

For travel by:
- Taxi, Airport Shuttle, or Public Transportation – actual costs
- Private Car, being dropped off – IRS Business Standard Mileage Rate \( \times \) maximum of two round trips\(^*\) and no parking charges
- Private Car, park at airport – IRS Business Standard Mileage Rate \( \times \) one round trip\(^*\) and parking charges\(^{34}\) limited to the maximum charge per day for airport business valet parking (current CLT airport rate is $14 per day)

\(^*\)Mileage is calculated from the closer of the traveler’s point of departure or duty station (whichever is less) and should be calculated to the nearest whole number.

For actual costs incurred:
- Itemized receipts (parking receipts should show parking dates and times)
- Mileage: Printed directions showing total mileage (may use MapQuest or Google Maps) unless using one of the following standard mileages:
  - To/from main campus: 15 miles each way
  - To/from Center City Building: 8 miles each way
- Indicate what form of transportation was taken to/from airport

### Airport – Travel To/From Destination Airport

For travel by:
- Taxi, Airport Shuttle, or Public Transportation – actual costs
- Rental Vehicles – actual costs if prior approval was obtained by the department head or their designee and the rental vehicle is not being used solely for the convenience of the employee\(^{35}\)

For actual costs incurred: Itemized receipts

### Ground Transportation – Motor Fleet Vehicle (if available)

There should be no reimbursable charges to claim on travel forms. Motor Fleet will bill the traveler’s department directly for the use of the vehicle via an Interdepartmental Invoice, a gas card will be provided with the vehicle, and there should generally be no other related out-of-pocket expenses.

No common carrier or public transportation fares are reimbursable when a state-owned vehicle is used unless it is shown that such transportation was more economical in a particular situation.\(^{36}\)

None; no costs to reimburse on travel forms

Table II – Payment Processes for Travel Awards

Travel Awards are funds paid to support students traveling as part of their program of study or co-curricular activities to aid them in pursuit of their studies or research. Travel Awards can be in the form of fellowships, awards, stipends, grants, scholarships, tuition waivers, fee waivers, etc. Past, present or future services cannot be expected or required in return for the travel award. These types of payments are considered scholarships and may be reportable on IRS Form 1098-T or 1042-S. Where services are expected, payments represent taxable income and must be made through the Payroll Office.

Other helpful definitions:

**Teaching Assistant/Research Assistant:** Student enrolled in a UNC Charlotte graduate program and paid to perform work for the University. Teaching assistants are usually paid from state funds. Research assistants may be paid from state funds, grant funds, auxiliary funds, Discretionary Funds, or a combination of funds. These graduate employees continue to be paid when traveling on University business.

**Fellow:** Recipient of a qualified fellowship paid directly to the student by an external agency or through the university from non-state funds. Fellowships do not require that services be performed for the fellowship; therefore, no employer-employee relationship exists.

### VI. FOREIGN NATIONAL TRAVEL

Because payments to foreign nationals (or non-resident aliens, “NRAs”) are covered by an extensive set of tax rules, all departments and organizations providing funds to foreign nationals must have prior approval from the Assistant Controller-Tax & Payroll. Tax liabilities for foreign nationals depends on the U.S. tax treaty with the foreign government. Please refer to the Tax Office website for contact information and further information.
VIII. RATES, DEFINITIONS, REFERENCES, AND RESOURCES

VIII.1. RATES

VIII.1.1 State Subsistence Rates

Subsistence is an allowance related to lodging and meal costs (including gratuities). The state sets the subsistence rates. Following are the current rates, last updated on July 1, 2017:66

- Breakfast $8.40
- Lunch $11.00
- Dinner $18.90 In-state; $21.60 Out of state
- Lodging $71.20 In-state; $84.10 Out of state

All rates are per day. Tips for meals are included in meal allowance rates.67 Federal per diem rates (which can be found by country on the US State Department’s website) may apply for meals when an employee is traveling internationally.

Note that per diem compensation is not applicable for state employees, only to members of Boards, Commissions, Committees, and Councils, who do not receive any salary from state funds.68

VIII.1.2 Mileage Rates

IRS Business Standard Mileage Rate = 53.5 cents per mile, as of 1/1/2017.

IRS Medical Moving Rate = 17 cents per mile, as of 1/1/2017.

VIII.2. DEFINITIONS

For purposes of this Manual, the following definitions apply (and are denoted in gray italics throughout this Manual):

VIII.2.1 Duty Station

Unless otherwise approved by the employee’s department head, each UNC Charlotte employee’s duty station shall be the main campus at 9201 University City Blvd, Charlotte, NC 28223. Exceptions to this policy are limited to those employees who have permanent offices at satellite campuses or buildings designated as part of UNC Charlotte (e.g., Center City Building), or those who have a teleworking arrangement on file per University Policy 101.22.

Per University Policy 101.22, flexible work and teleworking employees are not eligible for travel expense reimbursement when they commute to and from the University’s main campus for work purposes. Teleworking employees may be eligible for travel reimbursement, in accordance with current University policies, for meetings and business events that take place off the main campus (e.g., travel from/to the teleworking site to a location away from the main campus).

66 OSBM Budget Manual §5.1.2, Subsistence Rates
67 Ibid., §5.1.1, Reimbursement for Meals
68 Ibid., §5.1.1, Per Diem Compensation
VIII.2.2 Travel Status
Employees are considered to be in travel status whenever they are required to be away from their normal duty station in the performance of their job.\(^6\)

VIII.2.3 Travel Status-Overnight
Employees are considered to be in overnight travel status when their business activities require at least one overnight absence from their duty station. The travel destination must be at least 35 miles from the duty station or home, whichever is less, for the employee to receive reimbursement for lodging and meals.\(^7\)
